

## London's financial secrets

money moved through the banks	to combat money laundering
at a stroke	lack of enforcement
leaked documents	to cover your back
a dodgy address	well-resourced
to pass through sth	no resemblance to sth
a dead end	be above the law
to sift through papers	a lot on its plate
to throw up red flags	the cost is not fairly shared
obscure ownership	to capture a public office
a fraud scheme	to seek legitimacy
disadvantaged	to give sm a glimpse into sth
fraudsters	alignment of interest
be wary of sth	an argument building up
to uphold rules	to hold sth dear
it is still the case	to wield power
a high-risk jurisdiction	financial secrecy
a dubious origin	a front company
great repute	a transformation away from sth
respectable	a byzantine financial system
on a multi-year journey
