

Bizdaily The World Bank boss 26 Oct 2022

economy in free fall

inflation has rocketed

to push up the cost of living

to get through lockdowns

to pay the debt off

grim news / outlook

underinvestment

inexplicable

the uncharted territory

spending fuelled by ..

to help sm out

rate hikes

to go unnoticed

poverty numbers

at a record high

to spin money

the consequences are coming home

to get out of the hole

be propped up

a social safety net

to emerge from the pandemic

failing businesses

an exit strategy

to wind down

the hindsight

energy bills

well-documented

to run up debt levels

a burden on the debt service

the longer maturity bonds

to roll over the debt

to breathe a sigh of relief

productive capacity

to soften the downturn

unsustainable debt

the make-up of the debt

to hit the wall

to ask for a bailout

debt-trapped diplomacy

to write off debt

to stall the development

to revert to coal power plants

to mitigate climate change

to get more headlines

to catch sm by surprise

to get tangled up

glimmers of hope

to cling on to sth
