

*Bizdaily 20 Nov 2023 Disruption in the diamond industry*

a glamorous district

flashing glitter

be dug out of the ground

to coin a slogan

a mined diamond

to polish sth

side by side

to tell sth apart

a price difference

to pour into the market

a ground-breaking decision

to wake up to the challenge

a cheaper sparkle

to democratise the space

a price point

a sweet spot

blood diamonds

mines safety

a sealed chamber

a diamond seed

a high-energy process

chemical vapour deposition

a high pressure high temperature method

zero emissions

to offset sth against

malicious

to take sth at face value

coal powdered

a layer of intermediaries

in decline

technology leaps
