a stay-at-home girlfriend

subsidised childcare

to trample on decades of progress

to share parental leave

to do household chores

to survive on one salary

to label yourself

to embrace a softer lifestyle

no hard data

to put on the back burner

a shift in focus

to trigger divisive debates

economically independent

to end up with lower pensions

right-wing opponents

a step backwards

to live off sm's wage

an ideological debate

to reduce stress levels

the post-pandemic shift

to lean into sth

to share the load

to grab sm's attention
