Bizdaily 8 Sept 2026 University education

enrolled in higher education

it’s worth it

it’s a given

a viable option

a tunnel vision approach

good value for money

a barrier to entry

learn on the job

exorbitant fees

bear little relationship to outcomes

on balance

benefits outweigh the costs

a worthwhile investment

it worked out for him

a minefield

offer better guidance

set them up for the workplace

entry-level positions

the only way forward

on the rise

mismatch

misalignment

easy to digitise / automate

closely aligned to market needs

vocational education

invaluable

(to) factor in the financial aspect

retain the currency

skills-based hiring
